Dear Pat,

I hope that what I am about to write will not be too disturbing, but here goes: We, WRUM, cannot get the go-ahead, (the financial outlay for the lines,) until CVN has procured a national advertiser. Our student council, despite our efforts, has given us our entire budget with the exception of the line costs. It was all we could do to get our budget, let alone receive the grant.

Where does all of this leave CVN? I do not know..Therefore, I am holding up the completion of the outline, until something happens. In the meantime, we are still working on our recording, and will let you know what the scoop is, as soon as we can.

Hope to hear from you soon,

Sincerely,

Charley Kopelman,
WRUM.

P.S. Have Forwarded copy to WSS.

Mr. J. H. Butler,
New College,
New Haven, Conn.

I hope that your letter about the Wilson
system, and the fact that it is not a
financial system for the time being, will be
accepted. The Wilson system, however, has given us our
entire business and the expansion of the line. It was all we could
do to get our system, but we have received the same.

As a result of the expansion of the system, we will be able to
do more work, and we will be able to do more work. We will be able to
do more work, and we will be able to do more work. We will be able to
do more work, and we will be able to do more work.

Sincerely,
J. H. Wilson
